

## Hardened & Tempered Roast Blue Steel Strip Belt 32x0.8mm OEM

Our Product Introduction

for more products please visit us on [setuopack.com](http://setuopack.com)

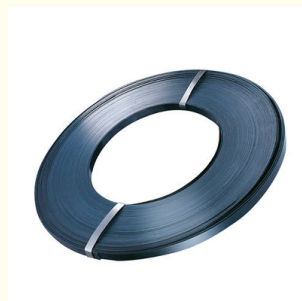

### Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: G3208
- Minimum Order Quantity: 50kg
- Price: To be discussed
- Delivery Time: 5-8 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100+Box+10days

### Product Specification

- Width: 32mm
- Thickness: 0.8mm
- Weight: 50kg
- Material: Q235
- Surface: Roasted Blue
- Tensile Strength: Rm650-700MPA
- Highlight: 32x0.8mm Blue Steel Strip, OEM Blue Steel Strip, OEM hardened & tempered steel strips

### Product Description

#### DESCRIPTION

Steel strip, a material that has undergone special treatment, has the advantages of durability and rust prevention, making it very suitable for long-term use in various environments. Its lightweight and easy to operate characteristics also make the packaging process simpler and faster, improving work efficiency.

The high tensile strength of the steel strip ensures that it will not easily break or fail even under high tensile stress, ensuring the safety and stability of the packaging.

It also adopts special rust prevention treatment technology, effectively resisting the erosion of environmental factors such as moisture and oxidation, greatly extending its service life. This feature enables the steel strip to maintain good performance even in outdoor or humid environments, reducing the frequency and cost of replacement caused by rust.

It can be used to secure and bundle various goods, providing stable and reliable packaging effects for heavy and light items.

Model	G3208
