### Product Description

#### Clamp pliers

The design of the pliers makes them more stable when biting objects. Whether handling heavy or lightweight goods, clamps can provide reliable support, ensuring the stability and safety of packaging. It is sturdy and durable, with strong wear resistance and a long lifespan.

Clamp pliers have strong biting force. Whether it's metal, plastic, or other materials, clamps can firmly hold them together with strong bite force.

It is easy to operate and can be adjusted according to different packaging needs, making the packaging process easier and more efficient for users.

Overall, the packaging industry for thickened bite teeth with pliers has gained widespread recognition in the market for its durable parts, flexible operation, and strong bite force. This tool can provide efficient and reliable solutions for both packaging needs on industrial production lines and logistics and warehousing operations in commercial environments.

Strip width	13-19mm
Applicable straps Type	PET strap
