Product Description

Hand lift steel belt tensioner

This product set is a manual packaging tool that is easy to operate, safe and reliable, and has low labor intensity. Whether handling heavy or lightweight goods, it ensures the stability and safety of packaging.

The tensioner has strong binding force and is very easy to operate. Simply thread the packaging belt through the item, and then align the packaging machine with the packaging belt to fasten it. The entire process does not require complex operational steps or professional skills, allowing users to easily get started and quickly complete packaging work. It is also sturdy and durable, with strong wear resistance and a long lifespan.

The design of the pliers makes them more stable when biting objects. Whether handling heavy or lightweight goods, clamps can provide reliable support, ensuring the stability and safety of packaging. It is sturdy and durable, with strong wear resistance and a long lifespan.

Clamp pliers have strong biting force. Whether it's metal, plastic, or other materials, clamps can firmly hold them together with strong bite force.
