

MH-DML-92 High Efficiency Double Motor Semi-Automatic Baler Carton Packing PP Tape Strapping Machine

Our Product Introduction

for more products please visit us on setuopack.com

Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: MH-DML-92
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 box per 10days

Product Specification

- Power: AC100-220V 50/60Hz 0.25kW
- Packing Speed: 3 Seconds/strap
- Tension Range: 5-50kg
- Workingtable Height: 450mm
- Applicable Straps Type: PP Strap
- Pp Strap Specification: Width 6~15mm,thickness 0.5-0.85mm
- PP Strap Spool: Inner Dia.200-210mm Outer Dia.400-450mm
- Machine Dimension: L1455mmxW545mmxH450mm
- Highlight: Semi-Automatic Strapping Machine, PP Tape Strapping Machine, High Efficiency Strapping Machine

Product Description

Semi-automatic baler

With its high efficiency, durability and versatility, this automatic baler has become the first choice for many companies. Whether it's delivery boxes, food packaging, or a variety of other items, it can easily cope with your diverse packaging needs.

Made of high quality stainless steel, wear and rust resistant, durable. Excellent performance and stability can be maintained even in harsh working environments to ensure long-term reliability.

High speed and high efficiency are another highlight of this baler. Each packing takes less than 3 seconds, greatly improving your productivity, allowing you to complete a large number of packing tasks in a short time and easily cope with various work rhythms.

Suitable for pp packing belt, specification broadband 6-15mm, thick belt 0.5-0.85mm, strong compatibility. You can choose the right packing belt according to different needs, to ensure the firmness and security of the packaging, to meet your different packaging scenarios.

The control panel design is intuitive, the control panel is equipped with the function of strapping force adjustment, the user can easily adjust the tightness of the strapping according to the needs of the packaging items.

Strong load-bearing capacity, can easily cope with a variety of heavy items, to ensure the reliability and stability of packaging.

Dual motor design, strong power, to ensure the lasting operation of the equipment and efficient work, so that you do not need to worry about any problems in the packaging process.
