Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: MH-DML-95
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 box per 10days

Product Specification

- Power: AC100-220V 50/60Hz 0.25kW
- Packing Speed: 3 Seconds/strap
- Tension Range: 5-50kg
- Workingtable Height: 450mm
- Applicable Straps Type: PP Strap
- Pp Strap Specification: Width 6~15mm,thickness 0.5-0.85mm
- PP Strap Spool: Inner Dia.200-210mm Outer Dia.400-450mm
- Machine Dimension: L1455mmxW545mmxH450mm
- Highlight: **PP Belt Automatic Strapping Machine, Integrated Baler Automatic Strapping Machine, Double Motor Automatic Strapping Machine**

Product Description

Semi-automatic baler

MH-DML-95 Automatic baler - Efficient, durable and versatile packaging solution.

Suitable for pp packing belt, specification broadband 6-15mm, thick belt 0.5-0.85mm, strong compatibility. You can choose the right packing belt according to different needs, to ensure the firmness and security of the packaging, to meet your different packaging scenarios.

Fast and efficient, each packing takes less than 3 seconds, greatly improving work efficiency, allowing you to complete a large number of packing tasks in a short time, and easily cope with various work rhythms.

Strong load-bearing capacity, can easily cope with a variety of heavy items, to ensure the reliability and stability of packaging.

Dual motor design, strong power, to ensure the lasting operation of the equipment and efficient work, so that you do not need to worry about any problems in the packaging process.

The control panel is powerful and adjustable for bundling:

Strapping force adjustment: The control panel is equipped with the strapping force adjustment function, the user can easily adjust the tightness of the strapping according to the needs of the packaging items. This function enables the baler to provide just the right bundling effect when dealing with items of different weights and different materials, which not only ensures the firmness of the packaging, but also avoids the damage caused by excessive bundling.

By choosing this automatic baler, you are choosing an efficient, durable and versatile packaging solution. Whether used in
