

Efficient Intelligent Automatic Strapping Machine Integrated Baling Machine Fast Packing For PP Belt

Our Product Introduction

for more products please visit us on setuopack.com

Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: MH-DML-95
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 box per 10days

Product Specification

- Power: AC100-220V 50/60Hz 0.25kW
- Packing Speed: 3 Seconds/strap
- Tension Range: 5-50kg
- Workingtable Height: 450mm
- Applicable Straps Type: PP Strap
- Pp Strap Specification: Width 6~15mm,thickness 0.5-0.85mm
- PP Strap Spool: Inner Dia.200-210mm Outer Dia.400-450mm
- Machine Dimension: L1455mmxW545mmxH450mm
- Highlight: **PP Belt Automatic Strapping Machine, Fast Packing Automatic Strapping Machine, Integrated Baling Machine Automatic Strapping Machine**

Product Description

Semi-automatic baler

Intelligent, efficient, rugged and versatile, this automatic baler is the tool of choice for packing jobs in many industries. Whether it's delivery boxes, food packaging, or a variety of other items that need to be packed, it can meet your needs with outstanding performance.

Intelligent and efficient, fast:

Built-in intelligent control system makes the packaging process more efficient and fast. Each packing process takes less than 3 seconds, which greatly improves your work efficiency, allowing you to complete a large number of packing tasks in a short time and easily cope with the busy pace of work.

Versatile and flexible:

Suitable for pp packing belt, specification broadband 6-15mm, thick belt 0.5-0.85mm, strong compatibility. Suitable packing belts can be selected according to the needs of different items to ensure the firmness and safety of the packaging. Whether it is light small items or heavy goods, you can get the perfect packaging effect.

Strong load-bearing, stable and reliable:

Strong load-bearing capacity, can easily cope with a variety of heavy items. Dual motor design, strong power, to ensure the stable operation of the equipment and efficient work. Excellent performance and stability can be maintained even in the case of continuous operation for a long time.

Adjustable control panel, flexible and convenient:

The control panel design is intuitive and simple, comprehensive and easy to operate. It is particularly worth mentioning that the

Our Product Introduction

control panel is equipped with a strapping force adjustment function, and users can easily adjust the tightness of the strapping according to actual needs. This function makes the baler more flexible and can meet the packaging needs of different items.

Rugged, excellent quality:

It is made of high-quality stainless steel and has excellent wear and rust resistance after fine grinding and treatment. Even in harsh working conditions, it can maintain long-term stability and reliability to ensure the lasting operation of the equipment.

By choosing this automatic baler, you are choosing a smart, efficient, rugged and versatile packaging solution. Whether used in logistics, warehousing, manufacturing or other fields, it gives you excellent packaging results and reliable performance. Make your packing work easier, more efficient and convenient!

Model number	MH-DML-95
Power	AC100-220V,50/60Hz,0.25kW
Packing speed	3 seconds/strap
Tension range	5-50kg
Workingtable height	450mm
Applicable straps Type	PP strap
pp strap specification	width 6~15mm,thickness 0.5-0.85mm
PP strap spool	inner dia.200-210mm outer dia.400-450mm
Machine dimension	L1455mmxW545mmxH450mm
Weight	55kg
