

Intelligent High Platform Semi-Automatic Baler Hot Melt Plastic Double Motor Bundling Machine

Our Product Introduction

for more products please visit us on setuopack.com

Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: MH-DM-90
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 box per 10days

Product Specification

- Power: AC220V 50/60Hz 0.25kW
- Packing Speed: 3 Seconds/strap
- Tension Range: 5-50kg
- Workingtable Height: 750mm
- Applicable Straps Type: PP Strap
- Pp Strap Specification: Width 6~15mm, thickness 0.5-0.85mm
- PP Strap Spool: Inner Dia.200-210mm Outer Dia.400-450mm
- Machine Dimension: L785mmxW545mmxH750mm
- Highlight: Intelligent High Platform Baler, Double Motor Bundling Machine, Hot Melt Plastic Baler

Product Description

Semi-automatic baler

Intelligent, efficient, rugged and versatile, this automatic baler is the tool of choice for packing jobs in many industries. Whether it's delivery boxes, food packaging, or a variety of other items that need to be packed, it can meet your needs with outstanding performance.

High platform semi-automatic baler is suitable for the packaging of various sizes of goods, such as books and magazines, cartons, postal parcels, etc., and does not need to replace any parts, it can be applied to the specifications of broadband 6-15mm, thick with 0.5-0.85mm PP belt.

High efficiency: each bundle takes less than 3 seconds.

When operating the high platform semi-automatic packing machine, safety operation specifications should be strictly observed to avoid personal injury and economic loss.

Operators should be trained to understand the operation process and safety specifications to ensure correct and safe operation of the equipment.

In the process of use, it is necessary to keep the machine clean, regularly remove the belt chips and dirt on the track and parts, and check whether the fasteners are loose.

Gaotai semi-automatic baler is widely used in various fields, such as express packaging, building materials, food, etc., providing efficient and reliable packaging solutions for these industries.

Our Product Introduction

To sum up, Gaotai semi-automatic baler is an efficient, flexible, safe and stable packaging equipment, which can meet the packaging needs of various industries. When selecting and using, it should be selected and operated according to specific needs and actual conditions.

Model number	MH-DM-90
Power	AC220V,50/60Hz,0.25kW
Packing speed	3 seconds/strap
Tension range	5-50kg
Workingtable height	750mm
Applicable straps Type	PP strap
pp strap specification	width 6~15mm,thickness 0.5-0.85mm
PP strap spool	inner dia.200-210mm outer dia.400-450mm
Machine dimension	L785mmxW545mmxH750mm
