

High Platform Intelligent Automatic Baler, Double Motor Fast Carton Baler Hot Melt PP Plastic

Our Product Introduction

for more products please visit us on setuopack.com

Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: MH-DM-92
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 box per 10days

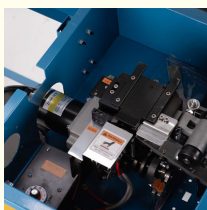

Product Specification

- Power: AC100-220V 50/60Hz 0.25kW
- Packing Speed: 3 Seconds/strap
- Tension Range: 5-50kg
- Workingtable Height: 750mm
- Applicable Straps Type: PP Strap
- Pp Strap Specification: Width 6~15mm,thickness 0.5-0.85mm
- PP Strap Spool: Inner Dia.200-210mm Outer Dia.400-450mm
- Machine Dimension: L785mmxW545mmxH750mm
- Highlight: High Platform Automatic Baler, PP Plastic Automatic Baler, Double Motor Automatic Baler

Product Description

Semi-automatic baler

I. Product overview

Gaotai Intelligent automatic baler is a device designed for efficient and automated packaging. It integrates intelligent control, efficient operation and durability, and is suitable for packaging needs of various items such as express cartons, food and industrial products.

Two, the main characteristics

Wide range of adaptability:

Whether it is delivery cartons, food packaging, or other items of various shapes and sizes, Gaotai Intelligent automatic baler can easily cope with the perfect packaging solution.

Fast and efficient:

The packing speed is extremely fast, and each packing only takes less than 3 seconds, which greatly improves the work efficiency and reduces the time and cost of manual operation.

Stainless steel, wear-resistant and rust-proof:

The main body of the equipment is made of high-quality stainless steel, with excellent wear resistance and rust resistance, to ensure that the equipment maintains excellent performance and appearance in long-term use.

Applicable pp packing belt:

Support the use of pp packaging belt, the specification broadband is 6-15mm, thick belt is 0.5-0.85mm, can be selected according to the packaging needs of different items suitable packaging belt specifications.

Strong load-bearing capacity:

The load-bearing capacity of the equipment is strong, and it can easily cope with the packaging needs of various heavyweight items, ensuring the firmness and safety of the packaging.

Our Product Introduction

Dual motor design:
The use of dual motor design, strong power, to ensure the lasting operation and efficient work of the equipment, even in the case of continuous work for a long time can maintain excellent performance.

Intelligent Control Panel:
The equipment is equipped with intelligent control panel, easy to operate, intuitive and easy to understand. At the same time, the control panel also has fault alarm and self-protection functions to ensure that the equipment can be stopped in time and issue alarms in abnormal situations.

Model number	MH-DM-92
Power	AC100-220V,50/60Hz,0.25kW
Packing speed	3 seconds/strap
Tension range	5-50kg
Workingtable height	750mm
Applicable straps Type	PP strap
pp strap specification	width 6~15mm,thickness 0.5-0.85mm
PP strap spool	inner dia.200-210mm outer dia.400-450mm
Machine dimension	L785mmxW545mmxH750mm
Weight	55kg
