Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: MH-SDML-90
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 box per 10days

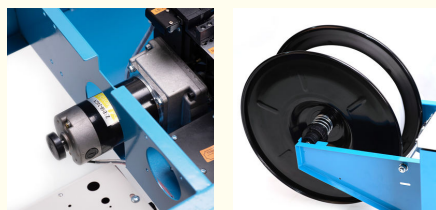

Product Specification

- Power: AC100-220V 50/60Hz 0.25kW
- Packing Speed: 3 Seconds/strap
- Tension Range: 5-50kg
- Workingtable Height: 450mm
- Applicable Straps Type: PP Strap
- Pp Strap Specification: Width 6~15mm,thickness 0.5-0.85mm
- PP Strap Spool: Inner Dia.200-210mm Outer Dia.400-450mm
- Machine Dimension: L71455mmxW545mmxH450mm
- Highlight: Dual motor baler, High speed baler, PP packaging baler

Product Description

Semi-automatic baler

This baler uses the latest smart packaging technology, easy to operate, only 1.5 seconds to complete a precise and firm packaging, greatly improving work efficiency.

Its thickened panel design not only improves the robustness of the machine, but also extends the service life, ensuring that you can maintain efficient and stable output during long hours of work.

It is equipped with high-quality dual motors that ensure the stability and durability of the machine. It can maintain excellent performance even in long, high-intensity work. At the same time, the control panel is designed to be simple and clear, and the various functions are clear at a glance, so that you can easily get started and quickly master the operation method.

This baler also has excellent efficiency and stability, which can work continuously for 24 hours without burning the machine. This means that you can use it anytime, anywhere, without worrying about the machine malfunctioning and affecting your work schedule.

This baler is very versatile and can be used in a variety of occasions that need to be packed. Whether it is a small item or a large cargo, it can easily handle. At the same time, it also supports a variety of specifications of PP packaging tape, width between 6-15mm, thickness between 0.5-0.85mm, to meet your different packaging needs.

Finally, it has a very strong load-bearing capacity. The base bearing capacity is about 400 kilograms, ensuring that your goods are safe during transportation. Whether it is long haul or short haul, this baler can provide you with a reliable guarantee.

Our Product Introduction
