Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: MH-SDML-90
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 box per 10days

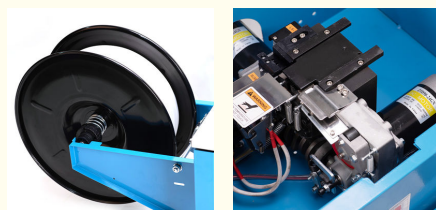

Product Specification

- Power: AC100-220V 50/60Hz 0.25kW
- Packing Speed: 3 Seconds/strap
- Tension Range: 5-50kg
- Workingtable Height: 450mm
- Applicable Straps Type: PP Strap
- Pp Strap Specification: Width 6~15mm,thickness 0.5-0.85mm
- PP Strap Spool: Inner Dia.200-210mm Outer Dia.400-450mm
- Machine Dimension: L71455mmxW545mmxH450mm
- Highlight: PP Packaging Baler, Double Motor Baler, Semi-Automatic Baler

Product Description

Semi-automatic baler

This baler has an amazing intelligent packing function, which can easily complete a precise and efficient packing in just 1.5 seconds. This speed will undoubtedly save you a lot of time and improve your work efficiency.

It supports a variety of sizes of PP packaging tape, width between 5-15.5mm, thickness between 0.5-0.85mm. This means that you can choose the right packing tape according to the actual needs, so that you can be more flexible to cope with various packing tasks.

Its panels have been specially thickened to make them more durable. This means that no matter how harsh the working environment you use it, it will maintain excellent stability and durability, so that you do not need to worry about machine damage.

It works so efficiently that a single machine can easily handle a workload that would otherwise require five people to complete. This means that you can greatly reduce labor costs, improve work efficiency, and thus occupy a greater advantage in the fierce market competition.

This baler is equipped with a premium dual motor to ensure the stability and durability of the machine. Even in the long, high-intensity work, it can maintain excellent performance, so that you do not need to worry about machine failure and affect the progress of work.

Its control panel is designed to be simple and clear, and the various functions are clear at a glance. You can easily get started and quickly learn how to do it, so that you can complete the packaging work more efficiently.

This baler also has excellent efficiency and stability, which can work continuously for 24 hours without burning the machine. This means you can use it anytime, anywhere, without having to worry about the machine malfunctioning and affecting your work progress. Such stability will undoubtedly bring you more peace of mind and confidence.

This baler is very versatile and can be used in a variety of occasions that need to be packed. Whether it is logistics warehouse, manufacturing or other industries, it can provide you with excellent service.
