Product Description

Mini intelligent inkjet printer

• Mini and portable, versatile: This mini printer is small in size, easy to carry, but has powerful inkjet function. It is suitable for a variety of materials, such as cartons, plastic bags, bottles, etc., to easily meet your coding needs. Whether it is quick marking on the production line or cargo management in the warehouse, it is easy to cope with.

• Handwriting input, flexible and convenient: Support handwriting input function, so that you can directly enter the content that needs to be coded in handwriting, without complex keyboard operation, more intuitive and convenient.

• Data portability and efficient management: The built-in data export function of the inkjet printer allows you to easily export information such as the content and date of the inkjet as electronic documents, which is convenient for subsequent sorting, analysis and management.

• Multi-language, global application: Built-in multiple international languages, whether it is Chinese, English or other mainstream languages, can be easily switched to meet the needs of different users around the world.

• Bluetooth connection, intelligent interconnection: Through Bluetooth technology, the printer can be seamlessly connected with smart devices such as mobile phones and tablets to achieve data synchronization, file transfer and other functions, so that your operation is more intelligent and convenient.

• Comprehensive large screen, clear vision: equipped with high-resolution comprehensive screen, the display effect is clear and delicate, so that you can be clear at a glance when operating, improve work efficiency.

• Intelligent touch, smooth operation: The use of advanced intelligent touch technology to make your operation more smooth and natural. Whether it is swiping the screen, clicking a button or typing text, it is easy to achieve and bring the ultimate user experience.

To sum up, this mini intelligent inkjet printer integrates portability, versatility and intelligence into one, which is the ideal choice for your cargo management, production line marking and other work.
