Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: Handheld full screen Mini 2.8 inches
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Delivery Time: 10-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100+box+10days

Product Specification

- System Language: Multilingual
- Count Sequence Number: Variable Serial Number 1-9 Digits
- Printing Distance: 5mm
- Printing Height: 2-12.7mm
- Number Of Print Lines: 1-4
- Maximum Power: 20W
- Stored Information: Built-in Memory Chip
- External Interface: Charging Interface
- Dimension: 107*47*175mm
- Weight: 200g
- Highlight: 2.8 Inch Screen Inkjet Machine, Food Packaging Production Date Coding Machine, Small Inkjet Machine

Product Description

Mini intelligent inkjet printer

1. Full screen design, intuitive operation: 2.8 inch full screen design, intuitive display of all operation options and inkjet preview, no cumbersome button operation, improve work efficiency.
 2. High-definition and fine image quality, accurate presentation: The screen quality is high-definition and fine to ensure that the inkjet content is clearly visible, whether it is small text or complex patterns, it can be accurately presented to meet the needs of high-quality inkjet.
 3. Handwriting input freedom, unlimited creativity: Support handwriting input function, users can freely play creative, directly on the screen to write or draw the required content, to achieve personalized coding.
 4. Detachable handle, flexible and portable: The handle design can be detachable, convenient for users to flexibly adjust according to actual needs. Whether it is handheld operation or fixed installation, it can be easily handled and improve the flexibility of work.
 5. Surface inkjet technology, widely applicable: The use of advanced surface inkjet technology, can easily cope with a variety of surfaces, irregular shape and small size space inkjet needs. Whether it is industrial products such as packing boxes, plastic bags, steel pipes, or consumer products such as bottle caps and bottle bodies, accurate coding can be achieved.
 6. Multi-language support, multinational cooperation worry-free: support multi-language switching, to meet the needs of cross-border cooperation and users in different regions. Whether it is Chinese, English or other languages, it is easy to translate and present the content.
 7. Intelligent management, efficient and convenient: built-in intelligent management system, support data import, export and backup functions. Users can easily manage inkjet content, templates, and parameter Settings for increased productivity and accuracy.
 8. Lasting battery life, worry-free use: The use of high-performance battery packs to ensure long-term stable work. No need for frequent charging, to meet the all-weather work needs, so that users worry about use.
- This handheld full screen intelligent mini printer has become a high-profile product in the market with its excellent design,

Our Product Introduction

advanced technology and efficient functions. Whether it is industrial production or commercial application, it can bring users a more convenient, efficient and accurate inkjet experience.

System language	multilingual
