Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: 2.8-inch luxury mini
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Delivery Time: 10-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100+box+10days

Product Specification

- System Language: Multilingual
- Count Sequence Number: Variable Serial Number 1-9 Digits
- Printing Distance: 5mm
- Printing Height: 2-12.7mm
- Number Of Print Lines: 1-4
- Maximum Power: 20W
- Stored Information: Built-in Memory Chip
- External Interface: Charging Interface
- Dimension: 105*72*49mm
- Weight: 160g
- Highlight: Full Screen Inkjet Printer , 2.8-Inch Screen Inkjet Printer

Product Description

Mini intelligent inkjet printer

This luxury mini printer has a full screen design, the 2.8 inch screen takes up almost the entire front panel, providing users with a wider visual experience.

The screen is not only large, but also has a high resolution and fine display effect. Whether it is text or graphics, it can be presented with extremely high clarity to ensure the accuracy of the content of the jet code. Support handwriting input function, users can directly write or draw the required content on the screen, the operation is more intuitive and convenient.

This printer has excellent surface adaptability and can easily complete coding tasks in a variety of curved surfaces, irregular shapes or small size Spaces. Whether it is flat objects such as cartons, plastic bags, steel pipes, or curved objects such as bottle caps and bottles, accurate coding can be achieved.

Printable content is rich and varied, including text, graphic code, date, table, graphic logo and so on. At the same time, it supports arbitrary switching of multiple languages to meet the needs of transnational cooperation and users in different regions.

Adopt advanced inkjet technology and stable hardware configuration to ensure clear and lasting inkjet effect. At the same time, the machine is stable and reliable, and the failure rate is low, providing users with a more efficient and stable inkjet solution.
