Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: T500
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Delivery Time: 10-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100+box+10days

Product Specification

- System Language: Multilingual
- Count Sequence Number: Variable Serial Number 1-9 Digits
- Printing Distance: 2-5mm
- Printing Height: 5-50mm
- Number Of Print Lines: 1-6
- External Interface: USB, Charging Port, Photoelectric Port
- Stored Information: U Disk And This Machine
- Dimension: 250*140*135mm
- Weight: 1.01kg
- Screen Size: 4.3-inch Touch Screen
- Use Environment: 0 -40 Humidity 10%-80%
- Print Content: Date, English, Chinese Characters, Pictures, QR Code, Etc
- Printing Accuracy: 600DPI HD Resolution
- Highlight: **600DPI Handheld Inkjet, 4.3 inch Touch Screen Handheld Inkjet**

Product Description

Handheld intelligent inkjet printer

The smart handheld inkjet printer is equipped with a 4.3-inch touch screen, with a clear and concise interface and easy operation. You can easily set the number of print lines (adjustable from 1 to 6) and the count serial number (variable from 1 to 9 digits) to meet the identification needs of different products. At the same time, the high-definition resolution of 600DPI ensures fine, clear images and text for every print.

This hand-held printer supports handwriting input, allowing you to customize your logo content at will. At the same time, it also provides multi-language selection, ensuring that your product logo can cross the language barrier to meet the needs of the global market.

In terms of material adaptability, this hand-held inkjet printer performs well. It can easily print carton, metal, plastic, wood, glass and other materials to ensure the clarity and durability of the logo. This makes it ideal for a variety of manufacturing sectors, such as food, medicine, electronics, automotive, and more.

In order to improve the connectivity and scalability of the device, the handheld printer is also equipped with a variety of external interfaces, including USB interface, charging port and photoelectric port. These interfaces not only make the device easier to connect and operate, but also provide you with more expansion possibilities, such as connecting to a computer for data transfer or interworking with other devices.

In short, this intelligent handheld inkjet printer with its high efficiency, flexibility, intelligence and excellent printing effect, has become an indispensable part of modern manufacturing. Choosing it will bring unprecedented convenience and efficiency to your product identification work.
