

## Q2L Fully Automatic One-Button Strapping Machine Holds 18V 5.0Ah Large Pulling Force 5500N

Our Product Introduction

for more products please visit us on [setupack.com](http://setupack.com)

### Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: Q2L
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Packaging Details: 440\*280\*180mm
- Delivery Time: 10-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100+box+10days

### Product Specification

- Width: 16-19mm
- Thickness: 0.4-1.2mm
- Applicable Straps Type: PET, PP
- Speed: 100-200mm/s
- Strapping Force: 400-5500N
- Voltage: 18V
- Capacity: 5.0Ah
- Weight: 3.4kg(N.W)+0.6kg(Battery)
- Highlight: 5500N Fully Automatic Strapping Machine, 18V Fully Automatic Strapping Machine, 5.0Ah Fully Automatic Strapping Machine

### Product Description

#### One click electric packaging machine

Electric baler is an indispensable and efficient packaging equipment in modern industry and logistics. Designed for PET and PP belts, this electric baler can be adapted to a wide range of 16 to 19 mm and a thickness range of 0.4 to 1.2 mm for a variety of packaging needs.

In order to meet the operation habits and needs of different users, this electric baler is also equipped with three operating modes: AUT automatic mode, suitable for the pursuit of efficient and convenient users; SEM semi-automatic mode provides more flexible operation options; MAN manual mode allows users to accurately control according to personal preferences and actual situations. The free switching of the three modes makes this electric baler play the best performance in a variety of scenarios.

In terms of performance, the electric baler shows a strong pulling force, up to 5500 Newtons, and easily handles a variety of heavy objects, ensuring the stability and safety of the packaging. Its built-in 5000 mah large-capacity battery provides lasting battery life and can complete up to 600 packing operations on full charge, greatly improving work efficiency.

In addition, the electric baler also uses a liquid crystal display design, the operation interface is simple and clear, users can easily view the parameters and status information, making the packaging process more intuitive and convenient. Whether it is used in heavy industries such as paper, aluminum and steel, or light industries such as wood and cotton mills, this electric baler can become a trusted assistant for users with its excellent performance and wide range of applications.

width	16-19mm
Thickness	0.4-1.2mm
Appcable Straps Type	PET,PP
