### Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: N1
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Delivery Time: 10-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100+box+10days

### Product Specification

- System Language: Multilingual
- Count Sequence Number: Variable Serial Number 1-9 Digits
- Printing Distance: 2-5mm
- Printing Height: 2-12.7mm
- Number Of Print Lines: 1-6
- External Interface: USB, Charging Port, Photoelectric Port
- Stored Information: U Disk And This Machine
- Dimension: 232\*99\*135mm
- Weight: 0.5kg
- Screen Size: 4.3-inch Touch Screen
- Use Environment: 0 -40 Humidity 10%-80%
- Print Content: Date, English, Chinese Characters, Pictures, QR Code, Etc
- Printing Accuracy: 600DPI HD Resolution
- Highlight: 4.3 Inch Handheld Inkjet Printer, 600DPI HD Resolution

### Product Description

## Handheld intelligent inkjet printer

Handheld printer, an efficient, convenient and versatile intelligent signage device designed to meet the diverse printing needs of modern industry and business.

It supports handwriting input function, and users can write freely on the 4.3-inch HD screen to achieve personalized printing. The screen has high clarity and full colors, providing users with an excellent visual experience. At the same time, the device supports multi-language input, breaking the language barrier and making international communication more convenient.

The hand-held inkjet printer has a strong material adaptability, and can easily print carton, metal, plastic, wood, glass and other materials, and the printing effect is clear and lasting. Its 600DPI HD resolution ensures fine and recognizable print content, whether it is small text or complex patterns, can be perfectly presented.

In terms of printing height, the hand-held inkjet printer provides an adjustable range of 2-12.7mm, which can be accurately adjusted according to actual needs to obtain the best printing effect. This feature makes it work well in a variety of application scenarios.

In addition, the handheld inkjet is also equipped with a wealth of external interfaces, including USB, charging port and photoelectric port, which is convenient for users to transfer data, charge and connect other devices. Whether you need to import printing content or perform equipment maintenance, it is easy to achieve.

Whether it is printing date, English, Chinese characters, or pictures, two-dimensional code, etc., handheld inkjet printer can easily cope. Its emergence not only improves work efficiency, but also provides strong support for product quality improvement and brand image building.
