Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: N5
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Delivery Time: 10-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100+box+10days

Product Specification

- Model Number: N5
- System Language: Chinese-english Bilingual
- Count Sequence Number: Variable Serial Number 1-9 Digits
- Printing Distance: 2-5mm
- Printing Height: 2-12.7mm
- Number Of Print Lines: 1-6
- External Interface: USB, Charging Port, Photoelectric Port
- Stored Information: U Disk And This Machine
- Dimension: 215*90*133mm
- Weight: 0.4kg
- Screen Size: 4.3-inch Touch Screen
- Use Environment: 0 -40 Humidity 10%-80%
- Print Content: Date, English, Chinese Characters, Pictures, QR Code, Etc
- Printing Accuracy: 600DPI HD Resolution

Product Description

Handheld intelligent inkjet printer

Handheld inkjet printer, a smart device designed for you to pursue efficient and accurate identification. Its excellent performance and diversified functions make it a leader in the industrial and commercial fields. One of the most notable features of this handheld printer is its support for handwritten input. On the 4.3-inch HD touch screen, you can write and draw freely, whether it is signature, pattern or other personalized content, it is easy to achieve. The high-definition screen brings fine, clear display effect, so that you can operate more easily. In terms of material adaptability, hand-held inkjet printers also perform well. Whether it is cardboard, metal, plastic, wood or glass, it can be easily handled, and the printing effect is clear and long-lasting. This feature makes it a useful tool in packaging, manufacturing, logistics and many other fields. In order to meet the needs of more users, the handheld inkjet printer supports bilingual input in Chinese and English. Whether in Chinese or English, it is easy to print, making your product logo more international. The high-definition resolution of 600DPI ensures fine and recognizable print content. Whether it is small text or complex patterns, it can be perfectly presented. At the same time, the printing height is adjustable from 2-12.7mm, and the user can accurately adjust according to the actual needs to obtain the best printing effect. In terms of interface, the hand-held inkjet printer is equally thoughtful. It is equipped with a variety of interfaces such as USB, charging port and photoelectric port, which is convenient for users to transfer data, charge and connect other devices. This design not only improves the practicality of the device, but also provides users with a more convenient operating experience. In addition to the common date, time, batch number and other basic information, handheld inkjet printer also supports printing English, Chinese characters, pictures, two-dimensional code and other complex content. This feature makes your product logo more colorful and helps to enhance product quality and brand image. In short, the hand-held inkjet printer with its efficient, accurate, intelligent characteristics, become your work in the right hand. Choose it to make your signage work easier and more enjoyable.
