Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: V6L
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Delivery Time: 10-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100+box+10days

Product Specification

- Width: 13-19mm
- Thickness: 0.4-1.2mm
- Applicable Straps Type: PET、PP
- Tension Speed: 18cm/S
- Strapping Force: 400-5500N
- Voltage: 18V
- Capacity: 5.0Ah
- Weight: 3.4kg(N.W)+0.6kg(Battery)
- Highlight: LCD display electric baler, 5500N electric baler, 5000mAh battery electric baler

Product Description

One click electric packaging machine

This baler is especially suitable for PET and PP packing belts with widths from 13 to 19 mm and thicknesses from 0.4 to 1.2 mm, and is widely suitable for packaging needs of different sizes and materials, demonstrating its high degree of flexibility and practicality.

In terms of packing capacity, the maximum pulling force of the machine can be adjusted between 400 and 5,500 Newtons, which makes it easy to cope with a variety of packing tasks, whether heavy or light items, to achieve a solid and reliable packing effect.

Taking into account the needs of long-term use, the unit has a built-in 5000 mah large-capacity battery, which can work sustainably after full charge and complete up to 550 packaging operations. This means that users can focus more on their work without frequent interruptions to recharge, which improves overall productivity.

In terms of welding technology, the one-button electric baler also performs well. The welding time is only 2 to 5 seconds, and the welding effect is excellent, and the overflow part is treated properly.

In terms of operation interface, the machine adopts liquid crystal display design, which makes the operation information at a glance. The display screen is equipped with a number of tape display, operation mode selection, normal/flexible mode switching, battery indicator, tightening gear adjustment and welding time adjustment and other functional areas, users can be flexibly set according to their actual needs, greatly improving the convenience and humanization of the operation.

In addition, this one-click electric baler has a wide range of applications. It is not only suitable for brick factories, aluminum factories, steel factories and other industrial fields, but also widely used in cotton mills, logistics companies and other occasions that need frequent packaging. Its powerful features and wide applicability make

Our Product Introduction

it an indispensable packaging tool in all walks of life.
In short, this one-click electric baler has become a highly regarded packaging device on the market due to its excellent performance, convenient operation and wide range of applications.

width	13-19mm
Thickness	0.4-1.2mm
Appcable Straps Type	PET,PP
Speed	18cm/s
Strapping Force	400-5500N
Battery Voltage	18V
Battery Capacity	5.0Ah
Charging time	About 100 Minutes
Net weight (m.w.)	3.4kg(N.W)+0.6kg(Battery)
