Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: ZYQ -16
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Packaging Details: 44.5*28.5*18.5cm
- Delivery Time: 10-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100+box+10days

Product Specification

- Width: 13-16mm
- Thickness: 0.4-1.2mm
- Applicable Straps Type: PET、PP
- Speed: 100-200mm/s
- Strapping Force: 400-3200N
- Voltage: 14.4V
- Capacity: 4.0Ah
- Weight: 2.9kg
- Highlight: 400N to 43200N Strapping Tools,
400N to 43200N Electric Baler,
Fully Automatic Strapping Tools Electric Baler

Product Description

One click electric packaging machine

The one-click electric baler is an efficient, convenient and multi-functional packaging tool, which is favored by the market for its excellent performance and wide application fields.

The machine has an ultra-light body, only 2.9kg, compact design, easy to carry and operate, even in the long use of the process can effectively reduce staff fatigue. It is suitable for PET and PP two kinds of material packaging belt, the width of the packaging belt range between 13-16mm, the thickness can reach 0.4-1.2mm, this wide applicability makes it able to meet the packaging needs of a variety of different scenarios.

The tension force of the one-button electric baler is large, and it can be adjusted between 400-3200N, which can meet the packaging requirements of different materials and sizes, and ensure the firmness and stability of the packaging. At the same time, the machine is equipped with a large-capacity battery, the battery capacity is up to 4000mAh, the charging time is only 90 minutes, and the 600 packaging belts can be continuously packed after full charge, which greatly improves the work efficiency.

In terms of operation, the one-button electric baler adopts the CNC panel design, which is simple and intuitive and convenient to operate. It has three modes can be switched: manual, semi-automatic, fully automatic, users can choose the most suitable mode according to the actual needs for packaging operation, flexibility and convenience.

In addition, the use of one-button electric baler is very wide, it can be used in aluminum, steel, cotton mill, wood industry, logistics and other industries, for these industries to provide efficient and reliable packaging solutions, help enterprises to improve production efficiency and reduce costs.

Our Product Introduction
