

Long-Lasting Battery Life Fully Automatic Strapping Tools For Continuous Packaging

Our Product Introduction

for more products please visit us on setuopack.com

Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: Q4
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Packaging Details: 44.5*28.5*18.5cm
- Delivery Time: 10-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100+box+10days

Product Specification

- Width: 13-16mm
- Thickness: 0.4-1.2mm
- Applicable Straps Type: PET, PP
- Speed: 100-200mm/s
- Strapping Force: 400-3200N
- Voltage: 14.4V
- Capacity: 4.0Ah
- Weight: 2.9kg
- Highlight: Continuous Packaging Fully Automatic Strapping Tools, Fully Automatic Strapping Tools

Product Description

One click electric packaging machine

One-button electric baler, with its efficient and convenient characteristics, has become the preferred tool for packaging and logistics industry.

With a lightweight design and a body weight of only 2.9kg, this baler is lightweight and portable, which greatly improves the working efficiency of the operator. Whether it is the operation of a narrow space or a long time of hand-held use, it can be easily handled and reduce the work burden.

In terms of belt compatibility, the one-click electric baler performs well. It is suitable for PET and PP two kinds of material packaging belt, the width range is 13-16mm, the thickness is between 0.4-1.2mm, can meet the packaging needs of a variety of different items. This broad compatibility allows it to perform well in a variety of application scenarios.

In terms of performance, this baler has a strong tension in the range of 400-3200N, which can be adjusted according to actual needs. The strong tension ensures the firmness and stability of the packaging, making the packaged items safer and more reliable. At the same time, it is also equipped with 4000mAh large-capacity battery, charging time only 90 minutes, can support long-term continuous operation, battery life is very outstanding.

In terms of operation, the one-button electric baler adopts the CNC panel design, the interface is simple and clear, and the operation is easy to understand. It provides manual, semi-automatic and fully automatic three modes, users can choose the right mode to operate according to the actual needs. This flexible mode of operation enables it to perform well in various application scenarios and meet the different needs of users. In addition, this baler also has a wide range of applications. It is suitable for aluminum, steel, cotton mills, wood

Our Product Introduction

industry, logistics and other industries, providing these industries with efficient and reliable packaging solutions. Whether it is packaging products on the production line or fixing goods in the logistics warehouse, it can play an excellent performance and improve work efficiency. To sum up, the one-button electric baler has become the preferred tool for packaging and logistics industry with its light weight, strong compatibility, stable performance, easy operation and a wide range of applications.

width	13-16mm
Thickness	0.4-1.2mm
Appcable Straps Type	PET,PP
Speed	100-200mm/s
Strapping Force	400-3200N
Battery Voltage	14.4V
Battery Capacity	4.0Ah
Charging time	About 90 Minutes
Net weight (m.w.)	2.9kg
