

Lightweight And Portable Fully Automatic Strapping Tools For Packaging And Logistics

Our Product Introduction

for more products please visit us on setuopack.com

Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: Q4
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Packaging Details: 44.5*28.5*18.5cm
- Delivery Time: 10-15 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100+box+10days

Product Specification

- Width: 13-16mm
- Thickness: 0.4-1.2mm
- Applicable Straps Type: PET, PP
- Speed: 100-200mm/s
- Strapping Force: 400-3200N
- Voltage: 14.4V
- Capacity: 4.0Ah
- Weight: 2.9kg
- Highlight: Portable Fully Automatic Strapping Tools, Logistics Fully Automatic Strapping Tools, Fully Automatic Strapping Tools

Product Description

One click electric packaging machine

One-button electric baler is an important tool in modern industry and logistics field, and its characteristics and advantages are remarkable.

With a lightweight design and a body weight of only 2.9kg, the baler is easy to carry and move by the operator and is suitable for work in a variety of environments. Its suitable packaging belt types are diverse, including PET and PP two materials, the width range is between 13-16mm, the thickness can also be selected within 0.4-1.2mm, to meet a variety of packaging needs.

In terms of performance, the one-click electric baler shows strong tension in the range of 400-3200N, which can be adjusted according to the specific needs of the packaged item. This adjustable tension ensures the firmness and stability of the packaging, so that the item is not easy to loose or damage during transportation.

In terms of battery life, the baler has a 4000mAh large-capacity battery, and the charging time is only 90 minutes, which can support long-term continuous operation. This feature greatly improves work efficiency and reduces interruptions caused by insufficient power.

The operation interface is simple and clear, and the one-button design makes the operation easier and faster. At the same time, the baler also provides manual, semi-automatic and fully automatic three modes, users can choose according to actual needs, to meet different application scenarios.

In addition, the one-button electric baler has a wide range of applications, which is not only suitable for the packaging of heavy materials such as aluminum and steel, but also for the fixing of items in light industries such as cotton mills and wood industries. In the logistics industry, it has become an important tool for packing goods, which greatly improves logistics efficiency.

Our Product Introduction

To sum up, the one-button electric baler has become an indispensable tool in modern industry and logistics with its lightweight design, diverse packaging belt adaptability, strong tension, durable endurance and a wide range of applications.

width	13-16mm
Thickness	0.4-1.2mm
Appcable Straps Type	PET,PP
Speed	100-200mm/s
Strapping Force	400-3200N
Battery Voltage	14.4V
Battery Capacity	4.0Ah
Charging time	About 90 Minutes
Net weight (m.w.)	2.9kg
