

## Versatile Packaging with Handheld Electric Strapping Tool Supports PET and PP Material

Our Product Introduction

for more products please visit us on [setupack.com](http://setupack.com)

### Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: DD163U
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Packaging Details: 480\*280\*220mm
- Delivery Time: 10-15 work days
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram
- Supply Ability: 100+box+10days

### Product Specification

- Applicable Strapping Tape Width: 16-19mm
- Applicable Strapping Tape Thickness: PET 0.5-1.0mm PP 0.6-1.0mm
- Applicable Straps Type: PET/PP
- Tension Speed: 225mm/s
- Strapping Force: 600-4000N Adjustable
- Battery Voltage: 14.4V
- Battery Capacity: 4.0Ah
- Charging Time: About 60 Minutes
- Net Weight(N.W.): 3.8kg
- Package Size: 48\*28\*22cm
- Highlight: Large Tensile Force Handheld Electric Baler, 4000N Handheld Electric Baler

### Product Description

#### Handheld electric storage baler

The handheld power storage baler is a powerful and easy to use packaging tool that is widely used in many industries and provides an efficient and reliable solution for various packaging needs.

Due to its wide applicability, this product has become the first choice for many industries such as aluminum, steel, cotton mills, brick mills and logistics. Whether it is light materials or heavy goods, the handheld storage baler can easily cope with, to achieve fast and stable packaging results. At the same time, it supports PET and PP two kinds of material packaging belt, the width of the packaging belt range between 16-19mm, the thickness can be selected 0.5-1.0mm, to meet the diverse needs of different users.

In terms of performance, the handheld electric storage baler shows outstanding strength. Its binding force is up to 4000N, and can be adjusted in the range of 600-4000N according to actual needs, to ensure the firmness and stability of the packaging. This feature makes it particularly suitable for situations where high-strength packing is required, such as the transportation and storage of heavy goods.

In order to facilitate user operation, the handheld electric storage baler is equipped with a CNC display screen.

Our Product Introduction

The display can clearly display the current working status and parameters, so that users can grasp the packaging progress and effect at any time. In addition, the machine also uses a large-capacity 4000mAh battery, which only takes about 60 minutes to charge, greatly improving work efficiency.

With the purchase of the handheld power storage baler, users will also receive a series of intimate accessories and services. We provide detailed instructions to help users get started quickly and take full advantage of the product's features. At the same time, it also presents practical kits and spare batteries to ensure that users can respond to various emergencies at any time during use and ensure the smooth progress of work.

width	16-19mm
Thickness	PET:0.5-1.0mm PP:0.6-1.0mm
Appcable Straps Type	PET/PP
Speed	225mm/s
Strapping Force	600-4000N
Battery Voltage	14.4V
Battery Capacity	4.0Ah
Charging time	About 60 Minutes
Net weight (n.w.)	3.8kg(Battery included)
