

High-Capacity Battery Electric Strapping Tool for Continuous with PET and PP Belts

Our Product Introduction

for more products please visit us on setupack.com

Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: L-DD163
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Packaging Details: 480*280*220mm
- Delivery Time: 10-15 work days
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram
- Supply Ability: 100+box+10days

Product Specification

- Applicable Strapping Tape Width: 16-19mm
- Applicable Strapping Tape Thickness: PET 0.5-1.0mm PP 0.6-1.2mm
- Applicable Straps Type: PET/PP
- Tension Speed: 225mm/s
- Strapping Force: 600-4000N Adjustable
- Battery Voltage: 14.4V
- Battery Capacity: 4.0Ah
- Charging Time: About 60 Minutes
- Net Weight(N.W.): 3.8kg
- Package Size: 360*135*130mm
- Highlight: Large Tensile Force Handheld Electric Baler, 4000N Handheld Electric Baler

Product Description

Handheld electric storage baler

Due to its wide applicability, this product has become the first choice for many industries such as aluminum, steel, cotton mills, brick mills and logistics. Whether it is light materials or heavy goods, the handheld storage baler can easily cope with, to achieve fast and stable packaging results. At the same time, it supports PET and PP two kinds of material packaging belt, the width of the packaging belt range between 16-19mm, the thickness can be selected 0.5-1.0mm, to meet the diverse needs of different users.

To enhance the user experience, the machine is equipped with an advanced CNC display. This design allows users to intuitively understand the working state of the machine, remaining power and packaging parameters and other important information, so as to more accurately control the packaging process. In addition, the 4000mAh large-capacity battery guarantees a long battery life and takes only about 60 minutes to fully charge, greatly improving work efficiency.

In terms of performance, the machine shows outstanding strength. Its binding force is up to 4000N, and it can be flexibly adjusted between 600N and 4000N according to actual needs, ensuring the firmness and safety of the packaging. This feature makes the handheld electric storage baler especially suitable for occasions with high packaging strength requirements, such as the fixing and protection of heavy goods.

In order to enhance the user experience, we also provide a wealth of accessories and services. With the purchase of the handheld storage baler, users will get a detailed manual to help users quickly familiarize

Our Product Introduction

themselves with the operation and functions of the machine. In addition, we also kindly included the kit and spare batteries to ensure that users can quickly solve problems when they encounter, to ensure continuity and efficiency of work.

In short, the handheld power storage baler has become the preferred tool for many industry users with its wide applicability, excellent performance, intelligent design and thoughtful spare parts service. Whether it is a manufacturing enterprise pursuing efficient production, or a logistics company needing to ensure the safety of goods, you can get a satisfactory experience from this machine.

width	16-19mm
Thickness	PET:0.5-1.0mm PP:0.6-1.2mm
Appcable Straps Type	PET/PP
Speed	225mm/s
Strapping Force	600-4000N
Battery Voltage	14.4V
Battery Capacity	4.0Ah
Charging time	About 60 Minutes
Net weight (n.w.)	3.8kg(Battery included)
