Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: MG-95
- Minimum Order Quantity: 1 set
- Price: To be discussed
- Packaging Details: 37.5*14*10cm
- Delivery Time: 10-15 work days
- Payment Terms: L/C,D/A,D/P,T/T,MoneyGram,Western Union
- Supply Ability: 100+box+10days

Product Specification

- Model: MG-95
- Strip Width: 12-16mm
- Supporting Facilities: MG-02 Tensioner
- Weight: 0.98
- Highlight: **Strong bite force steel belt baler, User friendly steel belt baler, Manual steel belt baler**

Product Description

Manual steel belt baler

This manual steel belt baler is specially designed for handling steel belts with a wide width between 12 and 16 mm. Its excellent bite force and simple operation have won the favor of many industries, and are widely used in steel, cotton, aluminum, brick and other fields.

Its strong bite force is the remarkable feature of the baler. It can easily cope with the packaging needs of various heavy and large goods, ensuring the stability and safety of goods during transportation and storage. This capability makes it excellent in the processing of metal materials such as steel, aluminum, but also suitable for non-metallic materials such as cotton textiles, bricks, etc.

In terms of operation, the baler is designed to be extremely user-friendly. Users can complete the packaging process in a few simple steps without complex training. This simple operation not only improves the work efficiency, but also reduces the difficulty of operation, so that more people can easily get started.

In addition, its wide applicability is also one of the reasons for its popularity. Whether in the steel, aluminum and other metal materials processing industry, or in other fields such as cotton spinning, brick factory, this baler can play an excellent performance to meet a variety of packaging needs.

Overall, this manual steel belt baler, with its strong bite force, easy operation and wide applicability, is the ideal choice for many companies to handle heavy packaging tasks.
