Product Description

Anhui Zhuoyu Industrial Manufacture Co., Ltd.

Stainless Steel cable tie pliers

In the field of industrial fastening, a high performance tool is the key to efficient operation. Our stainless - steel strap pliers are exactly such a reliable product.

These stainless - steel strap pliers have a precise adaptation range and are suitable for stainless - steel straps with a width of 13 - 19mm. This width range covers common strap specifications and can easily meet the usage requirements of various industrial scenarios. In power engineering, it can help workers quickly and firmly organize wiring, ensuring that the wires are neat and orderly and avoiding potential safety hazards caused by chaos. At the pipeline installation site, it can tightly fix the connection parts of pipes with different diameters, effectively preventing pipeline displacement or loosening and ensuring the stable operation of the pipeline system. In the machinery manufacturing workshop, it is used to fix the assembly of parts, guaranteeing the accuracy and quality of products during the production process.

The selection of special steel material is a major highlight of these strap pliers. Special steel has high strength and excellent wear resistance. This makes the strap pliers less likely to be damaged during frequent use, extends their service life, and saves users the cost of tool replacement. At the same time, its sturdy material also ensures the stability of the product, enabling it to operate reliably in various complex working environments.

In terms of performance, these strap pliers have a strong tightening force and can firmly fix the stainless - steel straps, ensuring that the bound objects are secure and free from loosening, effectively improving the work quality. Moreover, their simple operation is another significant advantage. Even first - time users can get started quickly and master the operation method in a short time, greatly improving work efficiency and reducing the time waste caused by complex operations.

If you are looking for a practical and durable stainless - steel strap pliers, this product is definitely your best choice. It will bring you high efficiency and convenience in your work.

Applicable steel strip width

13-19mm
