Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: 13-25mm
- Minimum Order Quantity: 1 set
- Price: To be discussed
- Packaging Details: 24.5*9*9.5CM
- Delivery Time: 10-15 work days
- Payment Terms: L/C,D/A,D/P,T/T,MoneyGram,Western Union
- Supply Ability: 100+box+10days

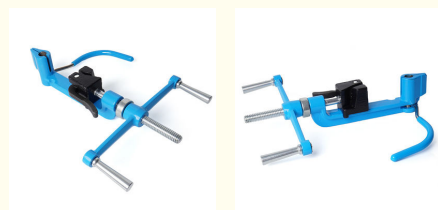

Product Specification

- Strip Width: 13-25mm
- Applicable Straps Type: Stainless Steel Cable Tie
- Buckle Type: L-shaped Buckle/tooth Buckle
- Weight: 1.8
- Highlight: Tightener Stainless Steel Cable Tie Baler, 25mm Cable Tie Baler Tightener

Product Description

Spiral stainless steel cable tie pliers

Where high strength fixing and efficient operation are required, stainless steel cable ties are the first choice in many industries due to their excellent corrosion resistance and tensile strength. In order to give full play to the advantages of stainless steel cable ties, a professional grade stainless steel cable ties are essential.

Designed for 13-25mm wide stainless steel cable ties, these stainless steel cable ties are ideal for any challenge:

Selected special steel, strong and durable: Made of high-quality special steel, after special heat treatment process, giving the clamp body extremely high hardness and wear resistance, even if the long-term high intensity use, it can keep sharp as new, easy to cope with various specifications of stainless steel cable ties.

Strong tightening force, stable and reliable: The precision gear structure and ergonomic handle design effectively transform your hand strength into a strong tightening force, ensuring that the stainless steel tie is tightly fitted to the fixed object, providing a durable and stable binding effect, even in the face of vibration and pulling.

Simple operation, saving time and effort: Unique self-locking design, only one hand operation can complete the tightening and cutting of the tie, saving time and effort, even if you work for a long time, you will not feel tired. Clear scale mark, convenient for you to accurately control the tightening force of the cable tie, avoid excessive tightening caused by damage.

Whether you are installing industrial equipment, securing pipes, or tying outdoor facilities, this stainless steel cable clamp provides you with an efficient and reliable solution:

Our Product Introduction

Industrial field: Suitable for mechanical equipment, cable harnesses, pipelines, etc., fixing and bundling, to ensure the safe and stable operation of equipment.

Construction field: It can be used for fixing scaffolding, steel bars, etc., to improve construction efficiency and safety.

Transportation: suitable for vehicle cargo binding, ship equipment fixed, etc., to ensure transportation safety.

Choosing professional grade stainless steel cable tie pliers is to choose efficient, reliable and durable. This stainless steel cable clamp will be an indispensable partner in your work, to help you easily cope with various challenges!

Applicable steel strip width	13-25mm
Applicable straps Type	Stainless steel cable tie
Buckle type	L-shaped buckie/tooth buckle
Total weight	1.8kg
