Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: SKL-32
- Minimum Order Quantity: 1 set
- Price: To be discussed
- Packaging Details: 37.5*25*50CM
- Delivery Time: 10-15 work days
- Payment Terms: L/C,D/A,D/P,T/T,MoneyGram,Western Union
- Supply Ability: 100+box+10days

Product Specification

- Model: SKL-32
- Strip Width: 19-32mm
- Applicable Straps Type: Steel Strip
- Tension Mode: Straight-line Tension
- Weight: 2.74
- Highlight: SKL-32/19 Steel Belt Tensioner, Manual Baler Steel Belt Tensioner, 19mm Rack Type Steel Belt Tensioner

Product Description

SKL-32 manual tensioner

In logistics transportation, storage management and industrial production, safe and reliable packaging is the key to ensure that the goods are intact. With steel strips 19-32mm wide and 0.8-1.2mm thick, you need a powerful and efficient manual tensioner to simplify operation and increase efficiency.

Designed for heavy-duty packing, this manual tensioner is ideal for all your packing needs:

High quality metal material, strong and durable: Made of high strength high quality metal material, precision machining and surface treatment, to ensure that the product is strong and durable, can withstand high intensity working environment, extend service life.

Large binding force, easy packing: The precise mechanical structure and ergonomic handle design can efficiently transform your hand strength into a strong binding force, even the heavy steel belt can be easily tightened to ensure the stability and safety of the cargo.

Easy to operate, low labor: the unique design makes the operation simple and easy to learn, even beginners can quickly get started. The labor-saving operation mode greatly reduces the labor intensity, and you will not feel tired even if you work for a long time.

Wide range of application, to meet a variety of needs: suitable for 19-32mm wide, 0.8-1.2mm thick steel strip, can be widely used in paper, steel, aluminum, cotton mill, wood industry, logistics and other industries, to meet your different packaging needs.

Whether it is large machinery, heavy steel, or bulky cargo, the manual tensioner provides you with an efficient and reliable packaging solution:

Logistics transportation: to ensure that the goods are stable and safe during transportation, to prevent the goods from shifting and damage.

Warehouse management: Facilitate the stacking and storage of goods, improve the utilization of warehouse space.

Industrial production: Used for the fixing and packaging of heavy machinery and equipment to ensure production safety.
