

Heavy Duty Manual Strapping Tools For Plastic Steel Belts Strong Tension Easy To Operate

Our Product Introduction

for more products please visit us on setuopack.com

Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: H19
- Minimum Order Quantity: 1 set
- Price: To be discussed
- Delivery Time: 10-15 work days
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram
- Supply Ability: 100+box+10days

Product Specification

- Model: H19
- Strip Width: 16-19mm
- Strip Thickness: 0.8mm
- Large Tightening Force: 200-2800N
- Color: Blue
- Total Weight: 1.07kg
- Highlight: Plastic Steel Belt Manual Strapping Tools, Strong Tension Manual Strapping Tools, Easy to Operate Manual Strapping Tools

Product Description

Manual packaging machine

The manual Plastic-steel belt tensioner, designed for 16-19mm wide plastic-steel belts, is an excellent and versatile strapping tool.

This tensioner performs well in terms of tension, and its unique mechanical design allows users to easily apply large tensile forces to achieve tight binding of the plastic and steel tape. Compared with similar products, it can achieve a higher degree of tension with fewer times of operation, greatly saving labor and time costs, even if the long time operation, it is not easy to feel tired, effectively improve the work efficiency.

Its use is extremely wide, in the steel industry, multiple steel can be firmly bundled to ensure that there is no displacement or scattering during transportation and storage; In the field of aluminum processing, whether it is the stacking of aluminum plates or the packaging of aluminum profiles, the tensioner can rely on strong tension to ensure the regularity and safety of aluminum; In cotton mills, cotton fabrics used to be packed into bundles to prevent looseness and facilitate handling and transportation.

The manual plastic steel belt tensioner not only has a robust structure, but also is easy to understand and can be used without complex training. Its compact design is easy to carry around, whether it is used in the workshop or in outdoor work scenarios. By choosing our manual plastic belt tensioner, you are choosing an efficient, stable and convenient strapping solution for your production and logistics processes.

Strip width	16-19mm
Strip thickness	0.8mm
Applicable straps Type	PET strap
