

## L-KZS25 Pneumatic Split Baler Locking Machine For Heavy Material Packing Pneumatic Strapping

Our Product Introduction

for more products please visit us on [setupack.com](http://setupack.com)

### Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: L-KZS25
- Minimum Order Quantity: 1 set
- Price: To be discussed
- Packaging Details: 41\*29\*19cm
- Delivery Time: 10-15 work days
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram
- Supply Ability: 100+box+10days

### Product Specification

- Model Number: L-KZS25
- Specification: 25mm
- Breadth: 0.8\*1.2mm
- Use Air Pressure: 0.4-0.6Mpa
- Bear The Tension: 16.85KN
- Highlight: **Pneumatic Strapping Locking Machine,  
Heavy Material Packing Pneumatic Strapping  
Machine  
, L-KZS25 Pneumatic Strapping Machine**

### Product Description

#### Pneumatic split baler

In the field of industrial packaging, efficiency and reliability are crucial. Our pneumatic split balers, equipped with tensioner and latching machine, are the ideal solution specifically designed to meet the needs of high-strength packing. Whether it is steel, aluminum and other heavy materials, or cotton spinning, logistics and other industries, it can provide excellent packaging results to ensure that your goods are safely transported.

Product features:

Powerful packing capacity: suitable for 25mm wide, 0.8-1.2mm thick steel belt, clamping force up to 16.85KN, even heavy goods can be firmly packed.

Pneumatic drive, efficient and convenient: connected to the air pump, suitable for air pressure of 0.4-0.6Mpa, easy to operate, fast packaging speed, significantly improve work efficiency.

Wide range of applications: suitable for steel, aluminum, cotton mills, logistics and other industries, to meet the packaging needs of different materials.

Application scenario:

Steel, aluminum, cotton mills, logistics companies and other industries packaging

Choose our pneumatic split balers and you'll get:

More efficient packing experience: Pneumatic drive, easy operation, fast packing speed, significantly improve work efficiency.

More reliable packaging effect: Powerful packaging ability, to ensure the safe transportation of goods,

reduce losses.

Lower operating costs: Split design, easy maintenance, reduce the cost of use.

Wider range of applications: suitable for a variety of industries and materials to meet your different needs.
