### Product Description

#### Pneumatic split baler

Imagine that your cargo is going through a long journey, bumping, bumping, squeezing... How do you make sure they get to their destination in one piece? The answer is: Put strong armor on them! Our pneumatic split baler is the weapon to build this "armor".

This is no ordinary baler, but the patron saint of your cargo!

Great power: don't look at its small size, but can easily control 32mm wide, 0.8-1.2mm thick steel belt, clamping force up to 16.85KN, even the steel giant can be firmly overpowered by it!

Agile: connected air pump, applicable air pressure of 0.4-0.6Mpa, simple operation, fast packaging speed, let you say goodbye to tedious, efficiency doubled!

What can it do for you?

Steel giant "tights" : steel, aluminum and other metal materials packaging, easy to get!

The "umbrella" of cotton spinning goods: cotton mills, logistics companies and other goods packaging, safety!

"Packing experts" for other industries: It comes in handy whenever you need high-strength packing!

Choose our pneumatic split balers and you'll get:

Safer cargo transportation: Sturdy packing keeps your cargo safe from damage and safely to its destination.

Higher work efficiency: Fast packing speed, so that you say goodbye to waiting, efficiency doubled.

Lower operating costs: Durable quality allows you to reduce repair and replacement costs.

Contact us today to put on your cargo's strong "armor" and let them move forward fearlessly!
