### Product Description

#### GD35 Manual no-buckle steel belt baler

In busy industrial production and logistics transportation, safe and reliable packaging is crucial. With its superior performance and easy operation, the A333 manual no-buckle steel belt baler is a reliable partner for your packing operations.

Innovative no-snap design, simplify the process: The use of advanced Yin and Yang buckle technology, no additional packaging buckle, not only reduce costs, but also simplify the operation steps, improve work efficiency. Accurate fit, widely applicable: Designed for 16-19mm wide, 0.55-0.75mm thick steel strip, suitable for steel, aluminum, cotton, metal products and logistics and other industries, to meet your diverse packaging needs.

Three-in-one function, efficient and convenient: tightening, locking, cutting belt in one step, smooth operation, even the packaging novice can quickly grasp, greatly improve the packaging speed. Strong locking, safe and stable: the steel belt can withstand 70-80% of the maximum tension, to ensure that the packaging is tight and firm, effectively prevent the goods from loosening or scattering during transportation, and ensure the safety of the goods. Durable and durable: Made of high-strength materials, durable, stable operation even in harsh working environments, to provide you with long-term reliable service.

Our Product Introduction

With the purchase of a manual buckle-free steel belt baler, you will receive free instructions and tools, ensuring that you can get started quickly and enjoy the convenience of efficient packing with no additional investment.

Choosing the A333 manual no-buckle steel belt baler is to choose the double guarantee of efficiency and safety. Let us work together to revolutionize your packing and tackle every packing challenge with ease!

<b>Steel belt width</b>	16-19mm
<b>Steel strip thickness</b>	0.55-0.75mm
<b>Applicable straps Type</b>	Steel strap
<b>Locking Method</b>	Yin and Yang buckle
<b>Maximum Binding Force</b>	The steel belt bears 70%-80% of the maximum tensile force
<b>Weight</b>	4.2kg

1. Company main products: pneumatic strapping tools, battery powered strapping tools, steel strapping machines, manual strapping tools, pneumatic welding tools semi automatic strapping machine with double motors fully automatic strapping machines dispensers and various types of packing materials.

2. The products are widely used in iron, steel, nonferrous metals building materials, chemical fiber tobacco paper textiles manufacturing logistics and other industries, transportation storage and other links.

3. The company has complete products specifications, reliable quality and a complete and scientific quality management system.

4. The products sell well in the market with a higher status, the company has a number of retailers and agents to establish a long-term stable partnership, with complete products specification competitive price and the contract and accreditation honoring, ensure the table quality with diversified business small profits and quick turn over to win the customers.

## FAQ

1. What are your strengths?

Honest management, competitive prices and professional export services.

2. How can I trust you?

A: We think honesty is the life of our company. In addition, we have trade guarantee. Your orders and funds will be well guaranteed.

3.Can you guarantee your products?

A: Yes, we guarantee 100% satisfaction with all our products. If you are not satisfied with our quality or service, please report back immediately.

4.Where are you? Can I come and see you?

A: Of course. You are welcome to visit our factory anytime.

5.Which payment methods do you support?

A: We accept telegraphic transfer, 100% sight L/C, Western Union, D/P, D/A, MoneyGram and other payment methods. If you have other payment methods, please contact me.
