Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: KF7001
- Minimum Order Quantity: 1
- Price: To be discussed
- Delivery Time: 5-8 work days
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram
- Supply Ability: 100 box per 10days

Product Specification

- Model: KF7001
- Packing Belt: PP
- Breadth: 12-16mm
- Thickness: 0.5-1.2mm
- Material: Steel
- Weight: 1.10kg
- Highlight: Various Industries Manual Strapping Tools, Various Materials Manual Strapping Tools, KF7001 Manual Strapping Tools

Product Description

KF7001 manual baler

In the logistics, manufacturing and processing industries, efficient and reliable packaging tools are key to ensuring the safe transportation of goods. The KF7001 tensioner and clamp combination is for this purpose, a set of practical tools designed for medium to high strength packaging needs, suitable for a wide range of industries and materials.

Strong compatibility

The KF7001 tensioner and clamp are suitable for PP packing tape with a width of 12-16mm and a thickness of 0.5-1.5mm. Whether it's light packing or medium cargo fixation, this set of tools is easy to handle, ensuring that the packing belt is tight and tight, preventing the cargo from loosening or damaging during transportation.

Easy to operate, easy to use

The design of the KF7001 tensioner and clamp focuses on the user experience, and the operation is simple and intuitive, even the novice can quickly master. We also provide detailed how-to videos to help you better understand and use this set of tools. Whether it is the first use or daily operation, it can easily get started and improve work efficiency.

Use together, the effect is better

The tensioner is used in combination with the clamp and the packing buckle for a more efficient packing operation. The tensioner is used to tighten the packing belt to ensure its tight fit to the goods; Clamps are used to secure the packing belt and prevent it from loosening. The combination of the two ensures a more stable and reliable packaging process.

Wide application

The KF7001 tensioner and clamp are versatile and suitable for a wide range of industries. Whether a logistics company needs to pack a large amount of goods quickly or a manufacturing plant needs to secure medium-sized materials, this set of tools can do the job. Its strong compatibility and stable performance make it an ideal choice for paper, aluminum, steel, cotton mills and other industries.

Conclusion
