

Advanced Technology for Professional-Level Performance Fully Automatic Strapping Tools

Our Product Introduction

for more products please visit us on setupack.com

Basic Information

- Place of Origin: China
- Brand Name: Zhuoyu
- Certification: CE
- Model Number: K1
- Minimum Order Quantity: 1 stage
- Price: To be discussed
- Packaging Details: 44.5*28.5*18.5cm
- Delivery Time: 10-15 work days
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram
- Supply Ability: 100+box+10days

Product Specification

- Width: 13-16mm
- Thickness: 0.6-1.2mm
- Applicable Straps Type: PET、PP
- Speed: 100-200mm/s
- Strapping Force: 400-3200N
- Voltage: 14.4V
- Capacity: 4.0Ah
- Weight: 3.2kg

Product Description

K1 Electric packaging machine

In modern logistics and industrial production, efficiency and reliability are the core competitiveness. The traditional packaging methods can no longer meet the requirements of high-strength and high-standard strapping. To this end, we have launched a new generation of intelligent electric strapping machines, redefining industry standards through technological innovation and providing more intelligent and efficient strapping solutions for various fields.

Breakthrough technology creates professional-level performance
 It has long-lasting power and is not afraid of high-intensity operations
 It is equipped with a 4000mAh high-capacity lithium battery, with a 50% increase in battery life.
 A single charge can complete over 300 bundling operations

The battery supports fast charging technology, increasing the charging efficiency by 30%.
 Intermittent charging can meet the full-day operation requirements

2. Intelligent dynamic adjustment system

It pioneered pressure-sensing technology to monitor the binding force in real time (adjustable from 400 to 3200N).
 Automatically identify the material properties and intelligently match the best strapping solution to ensure that the cartons do not deform and the steel does not loosen

3. Industry-leading strapping speed
 It adopts a high-torque brushless motor with a tensioning speed of up to 200mm/s

The single strapping cycle has been shortened to 3 seconds, and the efficiency has increased by 60% compared with traditional equipment
 Humanized design, with a comprehensive upgrade in operation experience

Our Product Introduction

Ergonomic lightweight design (only 2.8kg), no fatigue after long-term operation
The visual operation interface displays key parameters such as battery level and binding force in real time
One-click intelligent operation, beginners can master it proficiently after 5 minutes of training

Why choose our solution?

After a 2000-hour durability test, the failure rate is less than 0.5%

Modular design makes it convenient to replace key components

Provide industry-customized services to meet special strapping requirements

This intelligent packaging device that redefines industry standards is helping over 500 leading enterprises worldwide achieve:

The labor cost for packaging has been reduced by 45%

The loss of goods during transportation has decreased by 60%

The overall logistics efficiency has increased by 30%

Technology knows no bounds, and innovation never stops. We sincerely invite you to experience the transformative power brought by the next-generation strapping technology.

width	13-16mm
Thickness	0.6-1.2mm
Appcable Straps Type	PET,PP
Speed	100-200mm/s
Strapping Force	400-3200N
Battery Voltage	14.4V
Battery Capacity	4.0Ah
Charging time	About 90 Minutes
Net weight (m.w.)	3.2kg

1.Company main products: pneumatic strapping tools, battery powered strapping tools, steel strapping machines, manual strapping tools,pneumatic welding tools semi automatic strapping machine with double motors fully automatic strapping machines dispensersand various types of packing materials.

2.The products are widel used in iron,steel,nonferrous metals building materials.chemical fiber tobacco paper textilesmanufacturing logistics and other industries,transportation storage and other links.

3.The company has complete products specifications.reliable quality and a complete and scientific uality management system.

4.The products sell well in the market with a higher status.the company has a number of retailers and agents to establish a longterm stable partnerships, with complete products specification competitive price and the contract and accredit honoring.ensure thetable quality with diversified business small profits and quick turn over to win the customers.

FAQ

1. What are your strengths?

Honest management, competitive prices and professional export services.

2. How can I trust you?

A: We think honesty is the life of our company. In addition, we have trade guarantee. Your orders and funds will be well guaranteed.

3.Can you guarantee your products?

A: Yes, we guarantee 100% satisfaction with all our products. If you are not satisfied with our quality or service, please report back immediately.

4.Where are you? Can I come and see you?

A: Of course. You are welcome to visit our factory anytime.

5.Which payment methods do you support?

A: We accept telegraphic transfer, 100% sight L/C, Western Union, D/P, D/A, MoneyGram and other payment methods. If you have other payment methods, please contact me.
