

600DPI Inkjet Coding Resolution Heat Sealing Machine FR-1600 for Versatile Packaging Solutions

Our Product Introduction

for more products please visit us on setuopack.com

Basic Information

- Place of Origin: China
- Brand Name: ZHUOYU
- Certification: CE
- Model Number: FR900
- Minimum Order Quantity: 5 sets
- Price: To be discussed
- Packaging Details: 900*420*340mm for one set,paper box
- Delivery Time: 5-8 work days
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram
- Supply Ability: 100 box per 10days

Product Specification

- Sealing Pressure Adjustment: Automatic
- Bear The Weight: ≤5kg
- Inkjet Coding Resolution: 600DPI
- Sealing Technology: Digital PID Temperature Control
- Offline Programming Support: Yes
- Data Traceability: Yes
- Visual Positioning Accuracy: ±0.3mm
- Supply Voltage: 220V 50Hz

Product Description

Product Description:

An Automatic Sealing Machine is an essential piece of equipment for businesses looking to streamline their packaging processes. The Sealing Machine with a 7-inch industrial-grade touch screen offers a user-friendly interface for efficient operation. This touch screen size provides clear visibility and easy navigation, enhancing the overall user experience.

One of the key features of this Automatic Sealing Machine is its temperature range capability of 0 to 300°C. This wide temperature range allows for sealing various types of packaging materials effectively, ensuring a secure and professional seal every time. Whether dealing with heat-sensitive products or thicker packaging materials, this machine's temperature versatility makes it a versatile choice for businesses.

Operating on a supply voltage of 220V 50Hz, this Industrial Vacuum Sealing Machine is designed to meet the power requirements of most commercial settings. The consistent power supply ensures reliable performance and minimizes downtime, making it a dependable asset for packaging operations.

Furthermore, the Automatic Sealing Machine comes equipped with inkjet coding capabilities, allowing for precise and clear coding on packaging materials. With a minimum character height for coding of 1.5mm and an impressive inkjet coding resolution of 600DPI, this machine ensures that product information, expiration dates, and other essential details are accurately marked on packages.

In addition to its technical specifications, this Industrial Vacuum Sealing Machine offers a range of benefits for businesses. Its automatic operation saves time and labor costs by efficiently sealing packages with minimal manual intervention. The precise temperature control and coding capabilities contribute to consistent packaging quality, enhancing the overall presentation of products.

Whether used in food packaging, pharmaceuticals, or other industries, this Automatic Sealing Machine provides a reliable and efficient solution for packaging needs. Its durable construction and advanced features make it a valuable investment for businesses seeking to optimize their packaging processes and deliver high-quality products to customers.

Our Product Introduction

Features:

Product Name: Sealing Machine
Data Traceability: Yes
Temperature: 0~300°C
Supply Voltage: 220V 50Hz
Panel Material: Stove Varnish
Material: Military-grade 304 stainless steel

Technical Parameters:

Material	Military-grade 304 stainless steel
Visual Positioning Accuracy	±0.3mm
Product Size	L900xW630xH370(mm)
Supply Voltage	220V 50Hz
Minimum Character Height for Coding	1.5mm
Sealing Pressure Adjustment	Automatic
Panel Material	Stove Varnish
Bear The Weight	≤5kg
After-sales Service	One-year warranty, 24-hour technical response, free operation training, lifetime maintenance service
Model	FR-1600

Applications:

ZHUOYU FR900 Sealing Machine is a versatile and efficient tool suited for a variety of product application occasions and scenarios. Whether you are in need of a Case Sealer Machine, Carton Sealing Machine, or Foam Sealing Machine, this product is designed to meet your sealing needs with precision and reliability.

With its CE certification and origin from China, you can trust the quality and performance of the ZHUOYU FR900 Sealing Machine. The minimum order quantity of 5 sets makes it suitable for both small-scale and large-scale operations, while the price is flexible and can be discussed based on your specific requirements.

When it comes to payment terms, you have the flexibility to choose from options such as L/C, D/A, D/P, T/T, Western Union, and MoneyGram. With a supply ability of 100 boxes per 10 days, you can count on this machine to keep up with your production demands.

The ZHUOYU FR900 Sealing Machine boasts a 7-inch industrial-grade touch screen, making it easy to operate and monitor the sealing process. The digital PID temperature control technology ensures accurate and consistent sealing, while the offline programming support adds convenience to your workflow.

In addition, this machine has a data traceability feature, allowing you to track and monitor the sealing process for quality control purposes. With a maximum weight-bearing capacity of ≤5kg, you can seal a wide range of products with ease.

Whether you are sealing cases, cartons, or foam packaging, the ZHUOYU FR900 Sealing Machine is a reliable and efficient solution that can streamline your packaging process. With a delivery time of 5-8 work days and packaging details of 900*420*340mm for one set in a paper box, you can quickly integrate this machine into your production line and start benefiting from its advanced sealing technology.

Support and Services:

Our Sealing Machine product comes with comprehensive Product Technical Support and Services to ensure you have a seamless experience. Our team of experts is available to assist you with any technical issues or questions you may have regarding the operation, maintenance, or troubleshooting of the machine.

We offer training sessions to help you and your staff get acquainted with the machine's features and functionalities. Additionally, our service team is equipped to provide on-site support for any major repairs or maintenance requirements.

Our goal is to provide you with reliable technical support and services to maximize the performance and longevity of your Sealing Machine.

Packing and Shipping:

Product Packaging and Shipping for the Sealing Machine:

Our high-quality Sealing Machine is carefully packaged to ensure safe delivery to your doorstep. Each unit is securely wrapped in bubble wrap and placed in a sturdy cardboard box to prevent any damage during transit.

For shipping, we partner with reliable carriers to guarantee timely and efficient delivery. You can track your order every step of the way to stay informed about the estimated arrival time of your Sealing Machine.

FAQ:

Q: What is the brand name of this sealing machine?
A: The brand name of this sealing machine is ZHUOYU.

Q: What is the model number of this sealing machine?
A: The model number of this sealing machine is FR1600.

Q: What certification does this sealing machine have?
A: This sealing machine is certified with CE.

Q: Where is this sealing machine manufactured?
A: This sealing machine is manufactured in China.

Q: What is the minimum order quantity for this sealing machine?
A: The minimum order quantity for this sealing machine is 5 sets.
