

## Stove Varnish Panel Material Filling and Sealing Machine for ≤5kg Products Long Lasting Performance

Our Product Introduction

for more products please visit us on setuopack.com

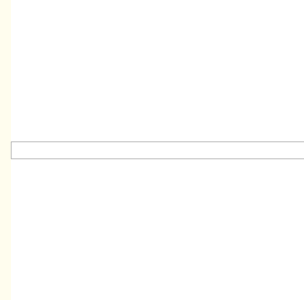

### Basic Information

- Place of Origin: China
- Brand Name: ZHUOYU
- Certification: CE
- Model Number: FR900
- Minimum Order Quantity: 5 sets
- Price: To be discussed
- Packaging Details: 900\*420\*340mm for one set,paper box
- Delivery Time: 5-8 work days
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram
- Supply Ability: 100 box per 10days

### Product Specification

- Supply Voltage: 220V 50Hz
- After-sales Service: One-year Warranty, 24-hour Technical Response, Free Operation Training, Lifetime Maintenance Service
- Model: FR-1600
- Sealing Pressure Adjustment: Automatic
- Material: Military-grade 304 Stainless Steel
- Panel Material: Stove Varnish
- Offline Programming Support: Yes
- Product Size: L900xW630xH370(mm)

### Product Description

#### Product Description:

**Bottle Sealing Machine** is a versatile and efficient solution for sealing bottles of various sizes and materials. With its cutting-edge technology and user-friendly design, this machine is a must-have for businesses looking to streamline their packaging process.

Featuring offline programming support, the **Cup Sealing Machine** allows users to easily program and customize sealing patterns without being connected to a computer. This feature enhances flexibility and convenience, making it ideal for businesses with diverse sealing needs.

Equipped with high-resolution inkjet coding capabilities at 600DPI, the **Carton Sealing Machine** ensures precise and clear coding on packaging materials. This feature is essential for businesses that require accurate labeling and tracking of their products.

The **Sealing Machine** comes with a comprehensive after-sales service package to provide customers with peace of mind and support. It includes a one-year warranty, 24-hour technical response, free operation training, and lifetime maintenance service. This ensures that customers can maximize the performance and longevity of their machine.

Weighing at less than 5kg, the **Sealing Machine** is lightweight and portable, making it easy to move and transport to different workstations. Despite its compact size, it offers powerful sealing capabilities that meet various production demands.

With a minimum character height for coding set at 1.5mm, the **Sealing Machine** can accurately print small characters and symbols on packaging materials. This feature is crucial for businesses that require detailed and legible coding for product identification and tracking.

Our Product Introduction

Features:

Product Name: Sealing Machine  
Visual Positioning Accuracy: ±0.3mm  
Sealing Technology: Digital PID temperature control  
Bear The Weight: ≤5kg  
Motor Power: 80w  
Sealing Pressure Adjustment: Automatic

Technical Parameters:

Inkjet Coding Resolution	600DPI
Material	Military-grade 304 stainless steel
Panel Material	Stove Varnish
Model	FR-1600
Bear The Weight	≤5kg
Minimum Character Height for Coding	1.5mm
Temperature	0~300°C
Offline Programming Support	Yes
Product Size	L900xW630xH370(mm)
Sealing Pressure Adjustment	Automatic

Applications:

ZHUOYU FR900 Sealing Machine is a versatile and efficient product suitable for a wide range of applications and scenarios. This Horizontal Sealing Machine is ideal for sealing various types of packaging, making it a valuable asset for businesses in the food, pharmaceutical, cosmetic, and other industries.

With its Foam Sealing capability, the ZHUOYU FR900 Sealing Machine is perfect for packaging delicate items that require extra protection during the sealing process. The precise sealing technology ensures a secure and airtight seal, keeping the contents fresh and safe.

Furthermore, the Glass Sealing Machine feature of the ZHUOYU FR900 Sealing Machine makes it suitable for sealing glass containers and bottles. This is especially useful for businesses in the beverage and laboratory industries that require a reliable sealing solution for glass packaging.

Manufactured in China, this sealing machine is CE certified, ensuring high quality and safety standards. The minimum order quantity of 5 sets makes it accessible for both small and large businesses. The price is competitive and can be discussed based on specific requirements.

Accepted payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram, providing flexibility for customers. With a supply ability of 100 boxes per 10 days, businesses can rely on a consistent availability of the product.

The ZHUOYU FR900 Sealing Machine has a delivery time of 5-8 work days, ensuring quick access to this essential equipment. The packaging details include dimensions of 900\*420\*340mm for one set in a paper box, making it easy to store and transport.

Featuring a minimum character height for coding of 1.5mm and an inkjet coding resolution of 600DPI, this sealing machine offers precise and clear coding capabilities. The panel material, stove varnish, adds durability and a professional finish to the product.

With offline programming support, users can conveniently program the machine for efficient operation. The product size of L900xW630xH370(mm) provides ample space for sealing various packaging sizes.

Support and Services:

The Product Technical Support and Services for the Sealing Machine product include:

- Troubleshooting assistance for any issues with the machine
- Repair and maintenance services to keep the machine in optimal condition
- Training programs for users to learn how to operate the machine effectively
- Availability of replacement parts for easy repairs and upgrades
- Online resources such as manuals and FAQs for quick reference

Packing and Shipping:

Product Packaging for Sealing Machine:

- The sealing machine will be securely packed in a sturdy cardboard box to prevent any damage during transit.
- Inside the box, the machine will be wrapped in protective padding to ensure its safety.

Shipping Information:

- Shipping will be handled by our trusted courier service to deliver the product to your doorstep.
- You will receive a tracking number to monitor the shipping status of your package.

FAQ:

**Q: What is the brand name of this sealing machine?**  
A: The brand name of this sealing machine is ZHUOYU.

**Q: What is the model number of this sealing machine?**  
A: The model number of this sealing machine is FR900.

**Q: Where is this sealing machine manufactured?**  
A: This sealing machine is manufactured in China.

**Q: What is the minimum order quantity for this sealing machine?**  
A: The minimum order quantity for this sealing machine is 5 sets.

**Q: What are the available payment terms for purchasing this sealing machine?**  
A: The available payment terms for purchasing this sealing machine are L/C, D/A, D/P, T/T, Western Union, and MoneyGram.
