Basic Information

- Place of Origin: China
- Brand Name: ZHUOYU
- Certification: CE
- Model Number: FR900
- Minimum Order Quantity: 5 sets
- Price: To be discussed
- Packaging Details: 900*420*340mm for one set, paper box
- Delivery Time: 5-8 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 box per 10 days

Product Specification

- Sealing Pressure Adjustment: Automatic
- Product Size: L900xW630xH370(mm)
- Supply Voltage: 220V 50Hz
- Panel Material: Stove Varnish
- Data Traceability: Yes
- Inkjet Coding Resolution: 600DPI
- Motor Power: 80w
- Touch Screen Size: 7-inch Industrial-grade
- Highlight: **Digital Sealing Machine, PID Control Sealing Machine, Touch Screen Sealing Machine**

Product Description

Product Description:

The Glass Sealing Machine FR-1600 is a high-quality sealing machine designed for efficient and precise sealing of glass containers. With its advanced features and reliable performance, this machine is ideal for businesses looking to streamline their packaging processes. Featuring an impressive Inkjet Coding Resolution of 600DPI, the Glass Sealing Machine FR-1600 ensures that your products are accurately labeled and coded with clear and legible markings. This high resolution guarantees that your packaging meets industry standards and enhances the overall presentation of your products.

The Panel Material of the Glass Sealing Machine FR-1600 is made of Stove Varnish, a durable and heat-resistant material that ensures long-lasting performance and reliability. This sturdy construction enhances the machine's durability, making it a reliable choice for continuous use in demanding production environments.

When it comes to after-sales service, the Glass Sealing Machine FR-1600 offers a comprehensive package to support your investment. The machine comes with a one-year warranty, providing you with peace of mind and assurance of quality. In addition, the machine includes a 24-hour technical response service, ensuring that any issues or concerns are addressed promptly by knowledgeable professionals.

As part of the after-sales service package, the Glass Sealing Machine FR-1600 also includes free operation training to help you and your team maximize the machine's capabilities and efficiency. This training ensures that you can fully utilize all the features and functions of the machine, optimizing your production processes and minimizing downtime.

Furthermore, the Glass Sealing Machine FR-1600 offers lifetime maintenance service, providing you with ongoing support and assistance.

Our Product Introduction

to keep your machine operating at peak performance. This commitment to customer satisfaction ensures that your investment remains productive and efficient for years to come.

Operating at a Supply Voltage of 220V 50Hz, the Glass Sealing Machine FR-1600 is compatible with standard power sources, making it easy to integrate into your existing production setup. This universal voltage compatibility ensures that the machine can be used in various locations without the need for additional adapters or modifications.

In conclusion, the Glass Sealing Machine FR-1600 is a versatile and reliable solution for businesses seeking a high-performance sealing machine for glass containers. With its advanced features, durable construction, and comprehensive after-sales service package, this machine is an excellent choice for enhancing your packaging processes and ensuring the quality and presentation of your products.

Features:

Product Name: Sealing Machine

Data Traceability: Yes

Sealing Technology: Digital PID temperature control

Bear The Weight: ≤5kg

Offline Programming Support: Yes

Panel Material: Stove Varnish

Technical Parameters:

Inkjet Coding Resolution	600DPI
Minimum Character Height for Coding	1.5mm
Touch Screen Size	7-inch industrial-grade
Model	FR-1600
Product Size	L900xW630xH370(mm)
Data Traceability	Yes
Sealing Technology	Digital PID temperature control
Bear The Weight	≤5kg
Panel Material	Stove Varnish
After-sales Service	One-year warranty, 24-hour technical response, free operation training, lifetime maintenance service

Applications:

ZHUOYU FR900 Sealing Machine is a versatile product suitable for various application occasions and scenarios. Its compact design and efficient sealing capabilities make it ideal for a wide range of industries and businesses.

One common application scenario for the ZHUOYU FR900 Sealing Machine is in the food and beverage industry, specifically for cup sealing. Whether it's sealing cups of yogurt, pudding, or bubble tea, this machine ensures a secure seal to maintain product freshness and prevent leakage.

Another popular use case is in the pharmaceutical industry, where the ZHUOYU FR900 Sealing Machine can be utilized for conduction sealing of medication packaging. The precise temperature control (0~300°C) and automatic sealing pressure adjustment make it perfect for maintaining product integrity and safety.

For industrial packaging needs, the ZHUOYU FR900 Sealing Machine excels as an industrial vacuum sealing machine. It is capable of sealing a variety of packaging materials and can bear weights of up to 5kg. The stove varnish panel material ensures durability and longevity, making it suitable for heavy-duty sealing tasks.

With CE certification and originating from China, the ZHUOYU FR900 Sealing Machine guarantees quality and reliability. The minimum order quantity of 5 sets provides flexibility for both small and large businesses. The supply ability of 100 boxes per 10 days ensures a steady availability of the product.

When it comes to payment terms, the ZHUOYU FR900 Sealing Machine offers various options including L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The delivery time of 5-8 workdays ensures prompt receipt of the product. Each set comes in packaging details of 900*420*340mm in a paper box, making it easy to transport and store.

In conclusion, the ZHUOYU FR900 Sealing Machine, also known as Model FR-1600, is a reliable and versatile product suitable for cup sealing, conduction sealing, and industrial vacuum sealing applications. Its features and specifications make it a valuable asset for businesses across different industries.

Support and Services:

The Product Technical Support and Services for the Sealing Machine include:

- Initial setup guidance and assistance
- Troubleshooting support for any operational issues
- Regular maintenance recommendations
- Software updates and upgrades when available
- Training sessions for operating the machine efficiently

Packing and Shipping:

Product Packaging and Shipping:

This high-quality Sealing Machine is carefully packaged to ensure safe delivery to your doorstep. Each unit is securely wrapped in bubble wrap and placed in a sturdy cardboard box to prevent any damage during transit.

For shipping, we partner with reliable courier services to ensure timely delivery of your order. You will receive a tracking number once your package is dispatched so you can monitor its journey to you.

FAQ:

Q: What is the brand name of this sealing machine?

A: The brand name of this sealing machine is ZHUOYU.

Q: What is the model number of this sealing machine?

A: The model number of this sealing machine is FR900.

Q: Where is this sealing machine manufactured?

A: This sealing machine is manufactured in China.

Q: What is the minimum order quantity for this sealing machine?

A: The minimum order quantity for this sealing machine is 5 sets.

Q: What are the accepted payment terms for purchasing this sealing machine?

A: The accepted payment terms for purchasing this sealing machine are L/C, D/A, D/P, T/T, Western Union, and MoneyGram.
