

## 220V 50Hz Sealing Machine for Temperature Range 0-300°C and 1.5mm Minimum Character Height Coding

Our Product Introduction

for more products please visit us on [setuopack.com](http://setuopack.com)

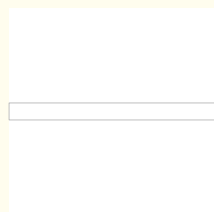

### Basic Information

- Place of Origin: China
- Brand Name: ZHUOYU
- Certification: CE
- Model Number: FR900
- Minimum Order Quantity: 5 sets
- Price: To be discussed
- Packaging Details: 900\*420\*340mm for one set, paper box
- Delivery Time: 5-8 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 box per 10 days

### Product Specification

- Sealing Pressure Adjustment: Automatic
- Bear The Weight: ≤5kg
- Minimum Character Height For Coding: 1.5mm
- After-sales Service: One-year Warranty, 24-hour Technical Response, Free Operation Training, Lifetime Maintenance Service
- Supply Voltage: 220V 50Hz
- Temperature: 0~300°C
- Model: FR-1600
- Visual Positioning Accuracy: ±0.3mm

### Product Description

#### Product Description:

The Sealing Machine, also known as a Bag Sealing Machine, is an essential equipment for any production line that requires efficient and reliable sealing of bags or pouches. With its advanced features and durable construction, the Sealing Machine is designed to meet the needs of various industries such as food packaging, pharmaceuticals, and manufacturing.

The panel material of the Sealing Machine is made of high-quality stove varnish, ensuring a smooth and resistant surface that can withstand the rigors of daily use in industrial environments. This sturdy construction enhances the longevity and performance of the machine, making it a reliable investment for your business.

One of the key features of the Sealing Machine is its wide temperature range, allowing for precise control over the sealing process. With a temperature range of 0 to 300°C, this machine can effectively seal a variety of bag materials, ensuring a secure and airtight seal every time. Whether you are packaging delicate food items or industrial products, the Sealing Machine can handle the task with ease.

Another important attribute of the Sealing Machine is its ability to adjust the sealing pressure automatically. This feature ensures consistent and uniform seals across all your products, reducing the risk of leaks or contamination. The automatic sealing pressure adjustment simplifies the operation of the machine, making it easy to set up and maintain for optimal performance.

When it comes to coding on the sealed bags, the Sealing Machine offers a minimum character height of 1.5mm, allowing for clear and legible markings. Whether you need to print expiration dates, batch codes, or product information, the Sealing Machine ensures that your packaging meets regulatory requirements and provides essential details for your customers.

The Sealing Machine model FR-1600 is a versatile and efficient solution for filling and sealing operations. With its user-friendly interface

and robust design, this automatic sealing machine can streamline your production process and improve overall efficiency. Whether you are sealing bags of snacks, pharmaceutical products, or industrial components, the FR-1600 model delivers consistent results with minimal effort.

In conclusion, the Sealing Machine is a reliable and high-performance equipment that offers precise sealing, automatic pressure adjustment, and advanced coding capabilities. Whether you are in the food industry, pharmaceutical sector, or manufacturing business, this machine is a valuable asset that can enhance your packaging operations and ensure product integrity. Invest in the Sealing Machine today and experience the benefits of efficient and reliable bag sealing technology.

Features:

Product Name: Sealing Machine  
Panel Material: Stove Varnish  
Sealing Pressure Adjustment: Automatic  
Product Size: L900xW630xH370(mm)  
Visual Positioning Accuracy: ±0.3mm  
Data Traceability: Yes

Technical Parameters:

Parameter	Value
Visual Positioning Accuracy	±0.3mm
Temperature	0~300°C
Motor Power	80w
Bear The Weight	≤5kg
Supply Voltage	220V 50Hz
Data Traceability	Yes
Touch Screen Size	7-inch industrial-grade
Model	FR-1600
Material	Military-grade 304 stainless steel
Minimum Character Height for Coding	1.5mm

Applications:

Whether you are in the food industry, pharmaceutical sector, or any other packaging-intensive business, the ZHUOYU FR900 Sealing Machine is perfect for sealing a wide range of products. Its ability to handle foam sealing, heat sealing, and bottle sealing tasks makes it a valuable asset in different manufacturing processes.

With flexible payment terms including L/C, D/A, D/P, T/T, Western Union, and MoneyGram, acquiring the ZHUOYU FR900 Sealing Machine is convenient for businesses of all sizes. The supply ability of 100 boxes per 10 days ensures a steady availability of this essential equipment.

The compact size of the machine, measuring L900xW630xH370(mm), allows for easy integration into various production lines. The automatic sealing pressure adjustment feature simplifies operation, while the 7-inch industrial-grade touch screen provides a user-friendly interface.

In addition to its advanced features, the ZHUOYU FR900 Sealing Machine offers offline programming support, enhancing efficiency and productivity. The panel material, stove varnish, adds durability and longevity to the machine.

Whether you need to seal packages, bottles, or containers, the ZHUOYU FR900 Sealing Machine is a reliable solution that delivers consistent results. With a delivery time of 5-8 work days and packaging details of 900\*420\*340mm for one set in a paper box, this machine is ready to meet your sealing needs effectively.

Support and Services:

The Sealing Machine product comes with comprehensive Product Technical Support and Services to ensure smooth operation and maintenance. Our team of experts is available to assist with any technical inquiries, troubleshooting, and product-related issues. Additionally, we offer on-site services, training programs, and maintenance packages to optimize the performance and longevity of your Sealing Machine.

Packing and Shipping:

Product Packaging for Sealing Machine:  
The sealing machine is securely packaged in a sturdy cardboard box to ensure safe delivery.  
Shipping Information:  
We offer free shipping within the United States. International shipping is available with additional charges.

FAQ:

Q: What is the brand name of this sealing machine?  
A: The brand name of this sealing machine is ZHUOYU.  
Q: What is the model number of this sealing machine?  
A: The model number of this sealing machine is FR900.  
Q: Where is this sealing machine manufactured?  
A: This sealing machine is manufactured in China.  
Q: What is the minimum order quantity for this sealing machine?  
A: The minimum order quantity for this sealing machine is 5 sets.  
Q: What are the accepted payment terms for purchasing this sealing machine?  
A: The accepted payment terms for purchasing this sealing machine are L/C, D/A, D/P, T/T, Western Union, and MoneyGram.
